Goals and objectives

The goal of the project is to provide an easy and convenient way to select and register for a free-choice elective. The system allows to create courses, enroll for these courses and edit their description.

Target audience and stakeholders

The target audience of the project - students and teachers of the university. Students may use SubChoice to register to free-choice electives. Teachers may create and manage electives. Stakeholders - teachers and university as an organization.

Project constraints

Time

Implementation deadline – 17.05.2023

Cost

Free of charge

Scope

Defined by project goals

Quality

Project should satisfy main goals and objectives defined in the first chapter

Resources

Team members, required software(Visual Studio IDE, Microsoft Management Studio) and hardware (student laptops)

Risks

Full time job outside of university is the biggest risk of the project
